

Personal SWOT Analysis

Strengths	Weakness
<ul style="list-style-type: none"> • Im Known as a detail-oriented individual who is keen to learn new things. As an individual, I have so many unique resources & Some of which are as below. <ol style="list-style-type: none"> 1. Problem-Solving Skills - Something I always love to do is solve problems and move forward in life. When there are bigger problems, i always break those into small points which enables me to solve those in my way. 2. Positivity - I think every incident as a positive outcome of something. Therefore i always feel happy. 3. Patience - I have patience for whatever i do in life it can be academics or anything. 4. Play sports - I am Good at Sports specially in Swimming and Badminton. whenever i get a free time i never miss to play the sports i like the most. 5. Decision Making - I'm Good at making decisions and putting them into action. I always react quickly when quick issues arrived. 	<ul style="list-style-type: none"> • As a person, I also have so many weaknesses that I always find ways to mitigate them. I have listed those below. <ol style="list-style-type: none"> 1. Trying to make everything more than better - This is something that I always trying to mitigate. Whenever i have a task i always try to make it better than everyone. Which leads to unhappiness sometimes if i'm unable to make it as i want. 2. People Pleaser - I end up being sad trying to please everyone I meet. That is something i have been mitigating since the last year. 3. Not taking the amount of sleep - Due to various academic and nonacademic tasks sometimes im not taking minimum sleep of 5 hours a day.

Opportunities	Threats
<ul style="list-style-type: none">Studying here at NSBM opens up many opportunities for me as a Person some of them are as follows. <ol style="list-style-type: none">Leadership Skills – I can build my leadership skills by joining & contributing to the clubs such as Aiesec, IEEE, etc.Team Leading - Able to lead teams for various events and academic assignments, etc..Job Opportunities – There are so many job opportunities for us as IT students to work while studying on the internet.Sports – As I am good at Badminton and Swimming. I'm able to persuade my skills here at NSBM.Friendly Culture - At here we interact with a different types of people from different parts of country. I'm able to explore the qualities and knowledge from them and use them to be a good person in the society.	<ul style="list-style-type: none">There are some threats I have discovered and some are still in the process of discovering. I will list those here. <ol style="list-style-type: none">Lack of programming knowledge - As I have known few programming languages it would be a threat to me as an IT student.Less volunteer experience - Recruiters in today's job market also look for volunteer experience. Therefore might be a negative mark for me not involving in volunteer events.
